Dear Federal Communication  
Commission,

Received & Inspected

JUN 05 2007

FCC Mail Room

I got my Emailed from  
letter. We still want  
to keep VRS, Because  
VRS was very good to  
needed to support have  
interpreter was important  
no way to have TDD has  
problem hard to get longer  
on TDD, how to communicate  
for interpreter. Please  
Keep VRS will be longer  
till good settle Don't  
cut off pay keep cover  
pay from Government  
help us for deaf  
needed to communicate  
important best than  
TDD was disgusted  
time longer our work  
time. It needed to  
communication to have  
emergency, friend;  
our family.

(2)  
I needed to keep for  
further in VRS, we  
won't give up this  
VRS. Must to have  
important further

Thanks

Cherish Lallo  
Angel Olivera

RE: CG Docket No. 03-123

Federal Communications Commission (FCC)

445 Twelfth Street SW.

Washington, D.C. 20554

Dear Chairman Martin, Commissioners  
Adelstein, Copps, McDowell, and Tate:

I am deaf person and I use Video Relay  
Services (VRS) to communicate. I was appalled  
to learn that the FCC staff is intent on  
drastically cutting the VRS rate, and effecting  
cutting VRS availability for the deaf. Instead  
of seeking to limit the number of deaf people  
with VRS access, the FCC should do everything  
in its power to make VRS available to the  
many deaf people who currently do not have  
access to this vital, life changing service.

The VRS rate should encourage the VRS  
providers to:

Service more deaf people, not discourage  
them ~~from~~ from reaching out to more deaf  
people.

Provide interpreter training programs so

May 26, 07

that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities.

Provide service and technology improvements such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act ADA mandate of functionally equivalent telecommunications services.

I along with other deaf individuals their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cut and fulfill the mandate of the Americans with ~~Disabilities Act~~ ADA to provide deaf people with functionally equivalent telecommunications services.

Sincerely:

Ronald W. Blackwell → (deaf person)

~~4/26/07~~

Please help us to keep VRS I love VRS and it is wonderful to have it than TTY.

**Re: TRS Fund—Drastic VRS Rate Cuts**

Dear Chairman Martin,  
Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

**Re: TRS Fund—Drastic VRS Rate Cuts**

Dear Chairman Martin,  
Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

Dear Chair Martin, Commissionaires Adelstein, Copps, McDowell, and Tate;

I am deaf and depend on VRS to call hearing people. Without VRS, my independence would be greatly compromised. Thus, I am asking you to not cut funding for VRS. Instead, creating a fair and predictable VRS rate seems to be a more fair and reasonable alternative.

I appreciate your for your attention to this matter.

Sincerely,

J. Aldon Frugé

Dear Chair Martin, Commissionaires Adelstein, Copps, McDowell, and Tate;

I am deaf and use VRS often to make phone calls with hearing people. I am imploring you not to cut funding for VRS, and instead, create a fair and predictable VRS rate. Cutting the VRS will negatively impact my efforts to be independent.

Thank you for your attention to this matter.

Respectfully submitted,

Judith G. Frugé, Ph.D.
